Rates 2023

To subscribe to the PPCHEM® journal, please fill in this form and check the appropriate boxes. The rates given below are for a subscription **for one year** (two-year rates are given in parentheses). The PPCHEM® journal is published 6 times a year.

The PPCHEM® journal can be purchased as either a print version, which is sent to your address by postal service, or as an Online Access, with which the complete issue can be accessed digitally through our website. The Online Access allows the subscriber to read the journal in an e-reader and/or to download the whole issue or individual articles as a pdf. Both subscriptions can be purchased for a period of either 12 or 24 months. A subscription to the Online Access requires accepting and signing of the license agreement, available on our website.

Organizations such as utilities, suppliers, research institutes, and universities may order multiple print copies and/or Online Accesses. Please contact us if you want to find out more about subscription rates for organizations. If you are not sure whether your organization already subscribes to our journal, please contact us and we will check our database.
